

Itinerary

Ideal First Date
By: Kate Pullen

What to wear:

Ranger shirt, flip flops, and nike shorts.

Where to go:

To the Ranger game.

Who goes on the date:

You, the person you are going on a date with, and a group of friends. I would bring a group of friends because it would most likely be more enjoyable.

How much money to spend:

The Ranger game is expensive so, besides the ticket I would bring about \$30 to \$40 each.

How long is the date/curfew time?

The Ranger games usually last about three hours, so if you are planning to drive there and drive back it will take about seven hours. Your curfew depends on the time the game ends. Try to get home as soon as possible, but don't speed.
